IFEANYI MICHAEL IHEME

FRONTEND ENGINEER

Lagos, Nigeria | +234 814 5663 725 | ifeanyihm@gmail.com | ihemestudio.com | github.com/ifeanyihm

PROFESSIONAL SUMMARY

Frontend Engineer with 4+ years of experience building responsive, accessible, and performant web applications using React, Next.js, and TypeScript. Skilled in translating Figma/Adobe XD designs into pixel-perfect interfaces, integrating REST APIs, and applying SEO and web accessibility (WCAG) best practices. Proven record of improving user engagement and business metrics, including an increase in lead inquiries through SEO optimization.

PROFESSIONAL EXPERIENCE

1502 PROPERTIES, Lagos, Nigeria

Software Developer **January 2024 - Present**

- Built a responsive property listing web app for **1502 Properties**, showcasing available listings to prospective buyers.
- Implemented direct agent redirection to streamline inquiries and improve lead conversion.
- Applied SEO best practices, increasing property inquiries by 30% within three months of launch.

INTEGRATED SOFTWARE SERVICE LTD, Lagos, Nigeria

Frontend Engineer (Contract) **November 2024 - July 2025(concurrent)**

- Collaborate with a team to develop web applications for financial sector businesses.
- Built 2 investment dashboards for Nigerian financial firms, integrating 10+ REST APIs for real-time bond and treasury-bill pricing.

FREELANCER, Remote **December 2022 - Present**

- Delivered client sites across real estate, charity, and education sectors, from requirements to launch.
- Defined tech stack and architecture for 3 freelance clients with no prior technical team.
- Built 6+ responsive sites in React/Next.js, optimizing for mobile-first layouts and cross-browser compatibility.
- Translated multiple Figma/Adobe XD designs into production-ready interfaces with WCAG 2.1 AA compliance.

ZURI INTERNSHIP, HOTEL NG, Nigeria

Frontend Developer Intern **October 2022 - December 2022**

- Shipped a food recipe app in a 5-person remote team over an 8-week sprint cycle.
- Reduced component load time through code splitting and lazy loading during a 3-month internship.
- Followed agile workflows and participated in code review, improving communication, and teamwork skills.
